

## San Diego Bromeliad Society Sale Rules and Guidelines

December 16 - 18, 2022

Vendors may bring plants on Friday, Dec. 16 from 9:00am to 4pm. Your help table with set-up and covering is needed. No sale plants will be placed until set-up is complete. Sale hours are from 10am to 4:00 pm Saturday and Sunday.

All plants must be clean and free of pests. You are welcome to sell companion plants as long as bromeliads are the primary focus.

All vendors are requested to wrap up sales by 3:45 on Sunday. There will be a **HARD STOP** at 4:00 pm! .

Plants must be **double tagged**. Plastic plant label tags are preferred Each tag must have the **seller's ID number, price, and plant name** clearly written on it. Your ID number is your SDBS membership number. Pre-printed tags with your name on them are acceptable. During the busiest time during past shows, when several customers purchased 30 plants or more, there were tags that had only the plant name. That meant stopping everything to locate the seller of that plant to get the ID.

Small plants, such as tillandsias, may have one tag as long as a line is drawn on the tag where it is to be cut off. Better yet, start a cut on the tag that will separate the plant name from your ID and price. Be sure the **price** and **ID** are on the part that is to be removed.

If you are selling non-plant items, a single tag that can be easily removed is acceptable. Make sure to have your ID and price on it.

Please bring boxes and bags. We use a lot of those items.

San Diego Bromeliad Society retains 20% of your sales. Sales tax will be calculated at check out. You will receive a check by mail for your 80%. Make sure we have your address before you leave.

You may pick up your remaining sale plants (if any) on Sunday at 4:00 pm. We will need help with the clean-up and tear down of the sales area. Please lend us a hand.

Thank you for vending at our show. If you have any questions, please email Morlane O'Donnell at [morlane.odonnell@att.net](mailto:morlane.odonnell@att.net)
